Who we are

The Corpus Christi Downtown Management District (DMD), established in 1993, is a professional Downtown Management District representing property owners and stakeholders within the area bounded by Kinney Street to I-37, and Lower Broadway to the Corpus Christi Marina L and T-Heads. In 2013, the property owners voted to renew the district through 2023. In 2015, DMD led stakeholders through a branding process naming this destination as the Marina Arts District while retaining DMD to refer to the organization and the programs and services we provide.

Mission Statement

Our mission is to create a successful, vibrant bayfront and seaside District, rebranded as the Marina Arts District and positively impact the greater Downtown area by proactively and strategically working with our partners to:

• Provide enhanced cleaning, beautification, and safety services.
• Develop and Improve the District.
• Market and Promote the District.
• Build and Manage an Effective Downtown Organization.

Vision Statement

A sparkling Marina Arts District and Greater Downtown area anchored by a beautiful bay front and marina, leading corporations, premier restaurants, hotels and cultural venues, exciting cultural events and festivals, growing residential population and a thriving arts, live music and entertainment scene which attract thousands to visit, live, work, and play.
Chairman and Executive Director’s Message

In the midst of challenging tribulations, a community’s strength is revealed. Looking back at this past Spring and Summer, the Downtown Management District partnered with local businesses, stakeholders, government officials, corporations, co-creators, and community members to rise above the challenges that came with the pandemic. We diligently worked to provide support in helping businesses and community members pivot as COVID-19 guidelines and safety measures were implemented to help protect the community. COVID-19 support included increasing Clean Team sanitization efforts throughout downtown, launching Support Local social media and curbside campaigns, creating a Virtual ArtWalk platform, and working with organizations and government officials to learn about COVID-19 relief programs for downtown businesses.

The 2020 ArtWalk Improvement Plan to increase vendor participation and event attendance by enhancing programming and increasing marketing was a success. ArtWalk was selected in The Bend Magazine’s Local List for Best Date Night and featured in the Corpus Christi Lotería bingo game, a local project created to highlight the unique landmarks, eateries, shops, places and traditions that locals love most about our Corpus Christi. Further, we launched the Downtown Coloring Book, a successful collaboration with local artists and Downtown Revitalization Board to help raise funds for new art installations throughout downtown. The coloring book features iconic images like the Harbor Bridge, the Corpus Christi Caller-Times Mural, the Queen of the Sea Fountain and many more of your favorite downtown scenes.

Our redevelopment efforts continue to soar this year with the TIRZ incentive programs. In FY2020, there were projects in development valued at nearly $125,000,000 with an incentive value of approximately $8,500,000. In response to COVID-19, we worked with City Staff to successfully launch a Sidewalk Café Program by facilitating the permit application process on behalf of business owners. We also conducted a bi-monthly survey to determine how downtown businesses are specifically impacted by COVID-19.

Our dream to create a beautiful space to serve as a community town square came true! We successfully partnered with the City, TIRZ 3 Board, Port of Corpus Christi, voestalpine, and Gignac Architects to complete the Artesian Park Improvement Project. The $150,000 improvement project included the installation of a overhead light in the gazebo, additional street lights, additional uplights in trees, electrical power throughout the park to enable for trees to be wrapped with holiday lights, gazebo, pergola and trash can repairs, professional landscaping additions, and installation of 2 security cameras monitored by Corpus Christi Police Department.

We look forward to another year of working with you to continue to cultivate the community’s “love” for downtown Corpus Christi!

Sincerely

Harold Shockley Jr.

We continued the Clean Team service of the Marina Arts District, with special project response to the Greater Downtown Area through the TIRZ #3 Contract. The Clean Team continued to maintain the district daily when businesses and restaurants shut down in March. Due to COVID 19, there was significant reduction in items like bags of trash collected. Overall, the Clean Team increased efficiencies and effectiveness.

Volunteers contribute to a cleaner more beautiful Marina Arts District and Greater Downtown Area.

Partnering with volunteers has always played a significant role in our cleaning efforts as we take on the increased area of provision of our revitalization services within the TIRZ#3 footprint.

In October 2019, volunteers worked with the Clean Team and DMD staff to renovate the gazebo and pergola in Artesian Park. With the advent of the COVID-19 pandemic, we put other volunteer events on hold for the safety of the community.

DMD hosted 6 bi-monthly meetings, attended by 97 participants from City Departments, Corpus Christi Police Department, and private sector property owners, property managers, and businesses to discuss and address cleaning and safety issues facing the District.

On the commencement of our responsibility for The Greater Downtown area invitations are extended to the same category of attendee in the other Districts.

Making the District More Beautiful and Accessible:

DMD continued the Bold Partnerships with the City of Corpus Christi and muralists to make the District and the Greater Downtown Area more accessible and beautiful.

*The reduction in Marina Arts District Website views is the result of eliminating Dine Downtown from lack of evidence of ROI for businesses, and suspending in person events starting in March 2020 due to COVID-19. Most visits were related to information or registration for ArtWalk or BridgeWalk. The DMD will continue to focus on phasing into Go Downtown CC as the main webpage and source of information.
